

To our Members and Friends of the ***American Revolution Round Table – Central Pennsylvania.***

Our last event with Donna Selfridge-Spangler, done in conjunction with the Fort Roberdeau Association, was a great success! The program was held at the Fort on September 11, 2021, for their Distaff and Patriot Day. We had a very good turnout. I was truly amazed at what I learned about Fraktur even though I have seen it for years. Thank you, Donna!!!

In discussions with our members and board, it has been decided that we postpone the balance of the “in person” programs for this year. Those originally scheduled for October 31, 2021, and November 14, 2021, are **CANCELLED**.

The consensus was not to do zoom – many have already experienced those and are less than thrilled with them. I must agree with that assessment.

Throughout the rest of this year, we will be taking a close look at programming and how we are operating to streamline and improve ourselves and our dissemination of information to you.

We did renew our Pennsylvania Department of Education certification to award Professional Development hours to history teachers and librarians for an additional three years. Thank you, Val!

Should we have the opportunity for a specific event or program like the Memorial Day event in Lewistown, we will proceed with it and keep you informed the best we can on what is happening.

At the beginning of next year, we will have elections of Officers and Board Members.

In the meantime, should you have any suggestions or questions, please do not hesitate to contact me at this email: arrt.centpa@gmail.com

Thank you for your past support and we look forward to seeing you again soon!

Mark DeVecchis
